Illinois Permit No. _____ Fee: \$10.00

Pursuant of Section 15-301(e) of the Illinois Vehicle Code, this is your authority and permission to transport loads of sweet corn, soybeans, corn, wheat, milo, other small grains and ensilage from the above specified field to a commercial processing plant or on-farm storage facility during harvest season on a **2-axle truck** described above provided the following conditions are met:

- 1) The truck is licensed for the proper gross weight.
- 2) The maximum axle weight shall not exceed 27,000 pounds.
- 3) The distance traveled from the field to the processing plant does not exceed 25 miles over highways under the jurisdiction of the Illinois Department of Transportation except the National System of Interstate and Defense Highways.
- 4) All such vehicles shall be operated in the daytime except when weather or crop conditions require emergency operation at night, but with respect to such night transportation, every such vehicle with load shall be equipped with flashing yellow lights as specified under Section 12-215 of the Illinois Vehicle Code.
- 5) Movements shall be made in compliance with the **General Provisions** listed on the reverse side of this sheet which shall apply as if fully written herein. This vehicle may not exceed the posted limit on any bridge or have an axle weight in excess of 20,000 pounds on the following bridges: _____

This permit expires at sunset (date) _____

Mail application to:

Illinois Department of Transportation
Permit Office
Room 117
2300 South Dirksen Parkway
Springfield, IL 62764

For the Department

Permit Engineer - Illinois Department of Transportation

General Provisions

1. The acceptance of the permit by the grantee constitutes an agreement that the movement will be made strictly in compliance with the terms set forth in the permit.
2. The permit is effective only insofar as the Department has jurisdiction and does not release the grantee from complying with other existing laws which may apply to the movement.
3. This permit is void on any highway or bridge posted for a load limit or closed to traffic, and on any highway not maintained by the Department of Transportation.
4. Movements shall be made in such a manner that the highway will be open at all times in one direction and not obstruct the flow of traffic. Other traffic will be given the right-of-way over this movement.
5. The grantee assumes all responsibility for injury to persons or damage to public or private property, including his own or the object being transported, caused directly or indirectly by the transportation of vehicles or vehicles and objects authorized under this permit. The grantee agrees to hold the State of Illinois harmless from all suits, claims, damages or proceedings of any kind and to indemnify the State of Illinois for any claim it may be required to pay arising from the movement.
6. This permit grants authority only for the operation of the vehicle specifically indicated in the application; substitution of any vehicle or load will render the permit null and void.
7. The driver of the vehicle shall have the permit in his possession during the progress of the movement and shall show said permit on demand to any police officer or authorized employee of the Department.
8. This permit has been issued by the Department with the understanding that: (1) All legal requirements concerning operational authority imposed by the Illinois Motor Carrier of Property Act or the Interstate Commerce Commission have been complied with by the applicant: (2) The vehicles have been properly licensed in accordance with Illinois law for the gross weight being transported: (3) Both the driver and owner of the vehicle to be moved have met all financial responsibility requirements imposed by law and: (4) The operator is properly licensed. When this permit has been acted upon by the grantee such action shall be deemed an unequivocal allegation by the grantee that all operational, licensing and financial responsibility requirements have been complied with.
9. Maximum allowable width and height are 8 feet and 13 feet 6 inches respectively.
10. Height of structures shall be checked by grantee to insure that adequate clearance is available for the movement. Section 15-318 of the Illinois Vehicle Code places liability for damage to structure upon the permittee.
11. This permit may not be extended or transferred.
12. Axle weight tolerances do not apply. Penalties for exceeding the allowed weights shall be assessed in accordance with Section 15-113.2 of the Illinois Vehicle Code for all weight in excess of the permitted weights.
13. The legal maximum gross weights contained in Section 15-111 of the Illinois Vehicle Code apply.
